EN MATERIAL

The BELLMONDE table is available with a HPL tabletop or a mineral composite tabletop. HPL is a material that is characterized by high impact resistance and extreme resistance to mechanical stress, moisture and steam. To clean a HPL tabletop use a soft cloth, warm water and a gentle cleanser if needed. The mineral composite table tops are waterproof and highly resistant to frost, UV-rays and abrasion. Clean with a soft cloth and warm water. The base is made of powder coated aluminum. Clean the powder coating with a soft cloth and warm water.

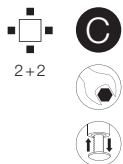

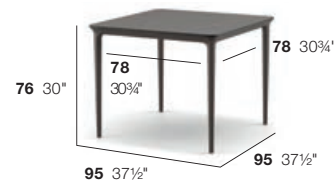

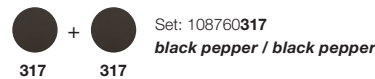

DE MATERIAL

Der BELLMONDE Tisch ist verfügbar mit einer HPL Tischplatte oder einer Tischplatte aus Mineralkompositwerkstoff. HPL ist ein Material, das sich durch hohe Stoßfestigkeit und extreme Widerstandskraft gegen mechanische Einwirkungen, Feuchtigkeit und Dampf auszeichnet. Zur Reinigung eignen sich ein weiches Tuch, warmes Wasser und bei Bedarf ein sanftes Reinigungsmittel. Die Tischplatten aus Mineralkompositwerkstoff sind wasserfest und hochgradig frost-, UV-, und abriebresistent. Einfach mit einem weichen Tuch und warmem Wasser zu reinigen. Das Gestell ist aus pulverbeschichtetem Aluminium gefertigt. Auch dieses kann mit einem weichen Tuch und warmem Wasser gereinigt werden.
