ABOUT

MAMAGREEN furniture is designed for a luxurious casual lifestyle,
where mind and body relax.

Constantly evolving collections are developed to highly exacting standards,
for maximum comfort and performance.

MAMAGREEN furniture is manufactured using a majority recycled or recyclable materials.

More than 90% of the teak is carefully sourced from abandoned buildings,
with the remainder coming from sustainably harvested teak.

Selecting MAMAGREEN is making a conscious choice for style combined with durability.

Product concept, quality management,
production process and materials selection all have the same goal:
creating contemporary outdoor furniture, made to last in any outdoor environment.

KEY FACTS

Founded in 2007

Organization

Mamagreen LLC - showroom in Chicago & warehouse in Richmond, Va.

Mamagreen Pacific PT - factory in Semarang (Indonesia)

Ownership: Belgian / German / American / Swiss

Employees: 400

Market

High end residential | Luxury hospitality & commercial | Designers, architects & developers

Specialized Retail | Specialized E-Commerce | Hybrid Profile

100% Outdoor Design

Mamagreen unique furniture pieces are designed to last in any outdoor environment

Making a Difference in Outdoor Design

Mamagreen is an innovative trend setter, using recycled teak and majority recyclable materials

Hospitality | Commercial | Residential

Mamagreen offers options for lounge, dining, pool, shade, bar, balcony and more

Various styles and materials, suitable for any outdoor space

Custom Made Easy

Mamagreen is organized to offer customization fast and without errors

MATERIALS MATTER

No design is possible until the materials with which you design are completely understood.

- Ludwig Mies van der Rohe -

Recycled Teak

MAMAGREEN masters the art of sourcing, repurposing and upcycling teak wood.

Premium Teak

MAMAGREEN manufactures furniture pieces using sustainably harvested teak.

HPL

Italian manufactured High Pressure Laminate (HPL) is used for table tops in selected lines.

Metal

Most MAMAGREEN furniture pieces are built around a sturdy metal frame. All metal processing happens entirely in-house.

- Stainless steel 304
- Powder Coated Stainless steel
- Stainless steel 316 (marine grade)
- Galvanized Steel
- Powder Coated Aluminum
- Powder Coated Aluminum - Ultra Durable

Textile | Webbing | Wicker | Rope

MAMAGREEN works together with the leaders in the performance textile and fibers industry.

- Sunbrella
- Ferrari
- Rehau / Viro
- Agora

AIKO LOUNGE modules can accommodate 2 to 20 people. There are endless options to match the required level of leisure and relaxation. The AIKO base is 85 x 110 cm, and can be used in either deep-seating or comfort mode. The standard version features an armrest option and 3 choices of modular ottomans for corner pieces. Very practical rolling side tables are available in 2 dimensions, plus a versatile coffee table, that can also be used as either a corner or end component. The AIKO chaise is a stand alone lounger, can become a double daybed or may be included in any modular combinations. Sofa, L or U-shape configurations are all possibilities.

The upcycled teak matrix base highlights both naturally occurring, and handcrafted distress marks. The Drift-Look incorporates Original or Espresso finishing, and is assembled using traditional box-joints, crafted specifically for robust performance. Stunning Italian High Pressure Laminate (HPL) forms the back of the base, offered in either Alpes White or Slate. Upholstery is from the high density, easy maintenance Sailcloth fabric range, manufactured by best-in-class outdoor textile specialists, Sunbrella: choose from Shadow, Sailor or Seagull Grey. The signature collection feature is a gorgeously thick bolster, providing optimal ergonomic support, and facilitating ultimate comfort in informal lounging.

Comfort Module

For the Aiko collection, we offer a memory outdoor foam core covered in a water-resistant barrier, therefore some water can remain trapped between the cover and the inner liner. Drying and airing separately, extends the longevity of the cushions. Storing the cushions vertically with the mesh at the bottom side, will improve air circulation.

The purpose of the ventilation holes at the side of the cushions, is to avoid trapping air or “ballooning”.

Deep Module

Tip: enjoy your lounge furniture instantly after a rain-shower using protective covers, but remember to never cover wet cushions with a rain cover, especially for an extended period of time

ALBATROSS 316

Hyper-modern, marine-grade furniture for cruise ships and luxury residential or commercial spaces.

Introducing 316 mirror polished stainless steel, the best marine-grade steel and combined with premium performance textiles and low maintenance surfaces, "Albatross" is designed to withstand the impact of coastal and at-sea environments.

Create the deep-seating configuration you require. The thick cushions, made of quickdry foam and Sunbrella covers, are supported by an exposed webbing, and have a round bolster and lumbar pillows as backrest, offering perfect ergonomical comfort.

Matching low tables have an HPL top and a yacht-style teak grating removable tray.

The oversized sunbed comes with an integrated table, handy wheels and a pneumatic, smooth reclining system.

begonia

66

The BEGONIA collection is our approach towards conventional picnic setting. The round shape ensures added intimacy with your loved ones. The shades of the honey color amplifies the blossoming effects of the Begonia, bringing about warmth to your familiar atmosphere.

Benches are available with a faux-leather backrest, or backless. The table has an integrated rotating tray, to add to the sharing experience. BEGONIA is available in two different table sizes : diameter 50" (127 cm) and 62" (158 cm), allowing seating for up to 10.

Boulevard

102

Long, low horizontal blocks of mixed materials layer together to create distinct architectural lounge groupings with a very contemporary look: Introducing “Boulevard”. Designed for luxury residential use and high-end hospitality, this collection is strikingly handsome, low maintenance, versatile, and comfortable.

Available in 2 colors (iron black / cotton) the durable powder-coated aluminum base supports ergonomically shaped cushions in an attractive range of durable Sunbrella textiles. The same durable powder-coated aluminum pairs with low maintenance Italian High Pressure Laminate (HPL) to make up the Boulevard low tables.

Boulevard sunbeds are solid, minimalist pieces perfect around the swimming pool. Featuring: a handy attached side-table, a push button gas spring to allow for a smooth reclining experience, an ergonomically shaped cushion with a built-in headrest and small discrete wheels for mobility.

New for Mamagreen is the introduction of a double-sided lounge configuration, that can serve as a central gathering space, dividing spaces, a daybed or as part of a casual low dining ensemble. The optional adjustable shades add further function to this arrangement.

DAISY MAE

112

“a flower blossoms for its own joy”
- Oscar Wilde

Just like how being in a field of daisies brings back good memories, MAMAGREEN's DAISY collection is designed to create a summertime mood and enhance positive vibes.

Designed for both residential and hospitality use, DAISY is perfect for small spaces and balconies. This versatile range will fit perfectly at home in an urban oasis, a multi-family rooftop, senior living projects, or at a restaurant or bistro, with options for dining, bar and lounge.

With unlimited options, thanks to our wide range of colors, and the unique mix of materials, design lovers will find the perfect spot for their own DAISY, inside or out.

DAISY RAE

118

DAISY RAE Designed by shaping rope, combining textures, space and light. Comfortable and playful

Three distinct leg options are offered for the DAISY dining chairs, depending on style and function: tapered aluminum legs, a swivel base or teak round legs.

With its sturdy powder coat base, the swivel versions are great for outdoor clubs, rooftops or high wind areas.

estate

148

For the first time, Mamagreen has created a complete “full-teak” series with dining, bar and casual options. Premium smooth sanded teak is selected for color harmony, then matched and pieced together until perfection.

Naturally easy to combine with any other design elements, the neutral tones of teak blend seamlessly into classic and contemporary exteriors and interiors. Curved lines soften the minimalist shapes, and accentuate the natural beauty of the material.

The elegantly formed seat and backrest make the Estate chairs comfortable, with optional padded seat cushions available. The sled base and the armrest follow the rounded lines of this attractive design.

Estate pedestal tables are a fit in hospitality projects and great for small spaces. The self-adjusting gliders ensure stability. The highlight is a square dining table, seating 8, for a unique, intimate, residential setting. For a more conventional family size we offer also a rectangular dining table. Bar, counter and low tables come in various dimensions. Estate tables come with an HPL inlay option for added color variations.

Premium quality teak is only harvested from sustainable farms.

HACIENDA

162

The combination of smooth sanded premium teak with a gorgeous organic look and luxurious casual comfort results in the Hacienda collection.

Thanks to the versatility of Hacienda deep seating sectional elements, a near endless number of configurations are possible.

The backrests and armrests are inserted in the frame, while underneath the Sunbrella covered cushions, a mesh & webbing seat deck gives a superb seating experience.

Design details include an optional faux leather piping accent, the transitional shaped armrests and the practical integrated end-platforms.

Nesting coffee and side tables with a teak or HPL inlay top complete this unique collection.

Hacienda sunbeds come in two versions, either curved slatted teak, or ultra comfortable sling. Both are available with a reclining backrest and various cushion options.

OHANA

With a range of neutral and vivid color combinations, Ohana can find itself at home in most exterior and interior settings.

Ohana's frame is woven by hand with an Olefin rope wrapping around a sturdy powder coated aluminum frame. The semi-soft seat cushion, supported by a mesh seat deck, and a fluffy back pillow ensure a comfortable seating experience.

The Ohana dining chairs can complete any MAMAGREEN dining table while the Ohana lounge chairs are a perfect fit for balconies, living rooms and perfectly balance any of our sectional sofas.

The exceptional Ohana balloon chair is a stunning statement piece, available in both dining and lounge height.

This series of sled base dining and lounge chairs can be used both in residential and commercial environments.

A weighted version is available for high wind areas and rooftops.

SOMBRERO

CANOPY

258

The SOMBRERO canopy is versatile and highly customizable.

Various roof and wall options create privacy and shade.

Made with a sturdy aluminum frame, these canopies are suitable for hospitality and residential.

In case of heavy winds or storms and snow, close or remove curtains to avoid damage.

- High frost, water, mold and mildew resistance
- Suitable for use with all MAMAGREEN textiles / materials

*** When used for extended periods of time, ensure that the furniture is dry and clean before using the protective cover, and always air furniture regularly.*

Custom-fit for all sectional sofas

Protective covers for sofas

Custom-fit for all dining sets

Protective covers for table top only

Protective covers for stacking chairs

Protective covers for lounge chairs

Materials

OUTDOOR SPACE SUGGESTIONS Extend the lifetime of your furniture

It is our goals to give you as much possible options and advise, so you can enjoy your furniture for a very long period.

Tip : For use on grass or sand or uneven areas, advised to opt for sled legs, instead of post legs.

Tip : Tables with self-levelling gliders are available in certain collections.

OUTDOOR (FULLY EXPOSED)

FRAME :

- Ultra Durable Powder-coated Aluminum / Stainless Steel
 - Teak
- 304 Stainless Steel

Tip : Select furniture pieces > 20 Lb / 9 Kgs in windy areas.

Tip : Use protective covers when not in use (Do not cover dirty or wet furniture for extended periods of time).

Clean and maintain your furniture regularly.

MARINE / COASTAL ENVIRONMENTS

FRAME :

- 316 Stainless Steel
- Ultra Durable Powder-coated Aluminum
- Teak

Tip : Select furniture pieces > 20 Lb / 9 Kgs.

Tip : Use protective covers when not in use (after cleaning).

Tip : Store cushions inside if possible.

Clean and maintain your furniture very regularly.

COVERED (SEMI-OPEN AREAS)

FRAME :

- Powder-coated Aluminum / Stainless Steel
 - Teak
- Galvanized Steel
- 304 Stainless Steel

Tip : Let the furniture breath, avoid covering for long periods. Cleaning will extend the beautiful looks of the furniture.

POOL FURNITURE

FRAME :

- Ultra Durable Powder-coated Aluminum
- Teak
- 316 Stainless Steel

Tip : Use mesh textiles as much as possible.

Tip : Use protective covers when not in use

(Do not cover dirty or wet furniture for extended periods of time).

Clean and maintain your furniture regularly.

Teak (scientific name *Tectona Grandis*) is a premium hardwood, native to South East Asia, with a very high natural oil content. Highly resistant to rotting, fungi, warping and water absorption, teak remains durable even in an extreme climate.

Exposed to sunlight, the color of teak will gradually change from honey brown to silver grey. This weathering does not affect the performance or quality of the timber. Various products are on the market to clean, protect or restore teak.

PREMIUM TEAK

Grade A sustainably harvested teak is carefully sourced from responsibly managed and fully certified teak farms in Java. Smooth sanded teak looks best with simple, regular cleaning, especially if the furniture is placed under trees or used regularly for dining. Wash with a mild household soap and lukewarm water to avoid mildew, caused organically by dirt gathering in the grains and notches.

All Mamagreen teak furniture is treated with Golden Care “Teak Shield”, whose protective layer protects against marks, without stopping the silver grey weathering process.

T24 PREMIUM TEAK SMOOTH SANDED

WEATHERED SILVER GREY

RECYCLED TEAK

When possible, we use reclaimed teak from abandoned buildings. Recycled teak has character : From holes where bolts were used, to nail holes, damage from hinges and other imperfections; all combine to give recycled teak its unique look. We do not attempt to hide these characteristics; we feel that each aesthetic imperfection in the wood adds to the exceptional feeling in the furniture.

T31 RECYCLED TEAK BRUSHED

T30 RECYCLED TEAK SMOOTH SANDED

DRIFT-LOOK TEAK

MAMAGREEN drift-look teak is showcasing both natural and handmade distress marks. This 'extra-distressed', recycled teak is then finished, either 'as original', or in rich espresso. Highly contemporary, texture-rich Drift-look teak is used in our iconic AIKO Collection.

F37 ESPRESSO FINISH

F36 ORIGINAL FINISH

HPL

Italian manufactured High Pressure Laminate (HPL) is an eye-catchingly modern element for outdoor furniture, which will complement any residential or commercial space. Advanced technological manufacturing involves bonding sheets of kraft paper and aluminum with animoplastic resins, using high pressure and heat.

HPL tops do not require particular maintenance that goes beyond normal cleaning with hot water and liquid soap. Common detergents and solvents, thinners and steam can be used for stubborn stains. Avoid, however, any alkaline or bleach products. Stains on Alpes White could be more visible and a bit more difficult to clean, compared to multi colored stone motives. As HPL has anti-static capacities, table tops do not attract dust. Wax or wax based products should not be applied as protection.

Extreme UV-exposure will cause some discoloration, without impacting the structural integrity of this material; protective covers will extend the beautiful look for many years.

MAMAGREEN METAL FRAMES

INTEGRAL DESIGN

MAMAGREEN furniture pieces are, for the most part, designed around a strong, durable metal structure. Made to perform well, our metal frames come in different textures and colors that withstand the challenges of commercial and residential use.

ALUMINUM

Rigid, yet light weight, alloy 6063 aluminum is a sturdy metal, very well suited for outdoor furniture, with structural anti-rust capacities. Powder coating protects against surface corrosion. Applying electrostatically charged dry paint, baked in an oven, the paint becomes a protective layer with a uniform color and texture.

Powder coated frames can be easily cleaned with a soft brush and soapy water. To handle the occasional scratch mark, we provide touch up kits in a similar color.

STAINLESS STEEL

Unmatched in strength and beauty, stainless steel frames are extremely suitable for most outdoor environments.

We generally use 304 stainless steel, an iron alloy with a high corrosion resistance, thanks to its unique chrome addition and nickel content, in a hairline finish, with subtle continuous, uni-directional grind marks. This finish will last well, when regularly cleaned, however, susceptible to tea staining is not advised in a marine environment, exposed to chlorinated or salt water.

A number of our collections are available with powder coated 304 stainless steel frames. This finish will perform very well - also in a coastal environment - protected by a UV resistant, durable, low maintenance powder coating on top of a strong epoxy primer.

Marine grade 316 stainless steel in a shiny mirror look finish is used in the ALBATROSS Collection, and available for custom projects, such as beach front properties or cruise ships.

304 HAIRLINE FINISH

316 MIRROR POLISHED

GALVANIZED STEEL

Powdercoated Galvanized Steel, protected with a zinc layer, has high corrosion resistance. Furniture made with a galvanized steel frame is very sturdy, and suitable for windy areas such as rooftops, but not advised for beachfront properties.

The industrial production process creates a random textured surface which is part of the design.

TWITCHELL TEXTILES

Made in the USA by Twitchell Corp

Ideal for heavy duty upholstered chairs and lounge frames, these textiles are made of stiff PVC coated polyester mixed with polyolefin.

The Leisuretex closely woven yarn, with water repellent back-layer increases the outstanding all-weather benefits of this robust, durable technical textile.

Furniture made from Twitchell fabrics will last many years, though a minimal deterioration of the olefin fibers may occur after time. This synthetic textile is easy to clean with a water / liquid soap mix and a soft scrubber.

Rope

ROPE

MAMAGREEN's rope is made of olefin, an Oeko-Tex certified synthetic fabric and has high weatherability and anti-mildew capacities. Colors can weather slightly yet remain vibrant for an extended period of time. Ideal to clean stains and spills as soon as possible with a dry cloth. Regular cleaning with soapy lukewarm water, will extend the good looks of the furniture pieces.

TEXTILENE® SLING

Made in the USA by Twitchell Corp

Ideal for various mesh applications, these textiles are made of stiff PVC coated polyester. We offer 3 Navaho style “Stripe” patterns, 2 Pinstripe patterns and a gold accented pattern “Royal Black”.

Textilene is a durable, versatile fabric. Tear strength and tensile capacities are very high, making it suitable in any outdoor environment. Not affecting the quality of the textile, striped yarn colors may weather slightly over extended periods of time. This synthetic textile is easy to clean with a water / liquid soap mix and a soft scrubber.

SUNBRELLA®

Design + Performances

100% Sunbrella® solution dyed acrylic, a dependable fabric, is the perfect choice for outdoor cushions. Yarns are finished with water repellent coating, reducing water absorbency. Extremely fade resistant and easy to clean, Sunbrella® has sublime anti-tear and tensile strength specifications, facilitating intensive outdoor usage. Sunbrella® is a USA based company, manufacturing performance outdoor textiles since the 1960's.
